FOREWORD

The Stanfordpark prefix was established in 2014, when Mark and Hayley Stoneham asked Tina and I to breed them a pedigree herd of Beef Shorthorns. The herd was conceived on very commercial lines and our aim was always to breed pedigree stock to supply new and expanding breeders in the Beef Shorthorn world. We marketed groups of young females, often with an unrelated bull to go with them. Both commercial and pedigree breeders have established herds with Stanfordpark genetics.

It takes time to establish a herd and at the time of the Covid outbreak in March 2020 we had entered 140 head of pedigree and purebred cattle for sale at markets up and down the country. This suddenly stopped and we had to think of how to sell our stock. Tina posted the cattle on Facebook and on the society website and we never looked back, all sold off farm by 1st July 2020, including 15 bulls. Since then, we have sold off farm, direct to breeders, usually unable to keep up with demand, even with 150 breeding cows. To replace our breeding females, we began to use a lot of sexed semen. We also purchased privately the Pennymuir herd dispersal, sturdy, easy calving, milky females.

We have continued to source new genetics and in partnership with Longfield herd, in 2023 we imported female sex semen from Canada (possibly the first independent Shorthorn breeder to do so), Crooked Post Compass 30J and we are very pleased with his heifers forward in the sale. Our intention has been to look at each breeding cow with a mind to improve her offspring for the next generation. It has become apparent that easy fleshing, low input cattle are required here in the south, managing solely on a forage-based diet. Farmers working on National parks, National Trust, large estates and poorer grassland areas, looking for an easy-care cow on a regenerative grazing system. Cattle here today will provide this.

Our finance has never given us the freedom to make high price purchases on a bull, so we have invested our finance and know how, into breeding our own. These would include:
Kassam of Longfield
Jacobite Star of Longfield
Poldark of Longfield
Stanfordpark Sasquatch
Stanfordpark Special Edition
Waterloo Station of Longfield
Stanfordpark Red Baron

Plus, Bull sales from 2020 to end of this sale has produced 140 bulls sold for breeding.

Mr Stoneham's change in farming business had led to the total dispersal of the Stanford Park Shorthorns.

All the cows to be sold, with their young stock, have bred us much of what we have sold over the last few years. This includes over 50 bulls from January 2023 – December 2024. The young bulls on sale would have made up our sale team in 2025 and we would thoroughly recommend them. They have been selected from over 70 males born, so have had a lot of competition to get this far.

We would like to thank all our friends, buyers, staff and neighbours, who have supported us over the last 11 years and we wish you well with all your purchases today.

Best wishes
Mark & Hayley Stoneham
Simon Bradley Farmer and Tina Russell

TB & BLUE TONGUE GUIDELINES

NB – AT TIME OF GOING TO PRESS
It may possibly change (for the better) as we are close to entering the seasonally low vector period.

In recent weeks the Blue Tongue Zone has been extended and now includes Stanford Park Farm (literally by the width of the road).

The herd to be Blue Tongue tested on 4th February 2025 and animals will be able to be sold to purchasers across the country. *(Need to check the situation with Wales and Scotland)*

However those purchasers outside the zone must post-movement test all animals over 12 months old 6-10 days after movement from the sale premises – all post movement testing must be arranged by the new keeper and is free of charge as it is funded by DEFRA. Bluetongue: get free testing for your animals if you are in a bluetongue zone - GOV.UK

Purchasers **within** the zone do not have to post-movement test.

Purchasers from outside the zone will be issued with a General License EXD608 from the sale office.

Collection of cattle can take place up to Monday 10th February.

Cattle moving to Scotland will be retained and pre movement tested again for TB & Blue Tongue. This is so they can enter Scotland within 30 days of a clear TB Test.

COWS TO BE SOLD WITH CALVES AT FOOT

Mr & Mrs M Stoneham

A lovely April born bull. He will make an excellent heifer bull with his parentage. Very easy calving. All Soho's calves came unassisted. Take a good look at his parentage, proven pure class.

REFERENCE TO SIRES

BARNAIGH HAMISH (no photo)

Dominating amongst the Pennymuir cows you will find him a bull bred to similar lines of our original Barnaigh Xquisite 5th and showing many of the same breeding characteristics. Easy calving, easy calving daughters, short gestation, moderate growth with big milk figure and marbling.

BLACKBROOK TARO

A much admired calf at the Blackbrook herd of Andrew Thornber. Purchased as a calf and used at 13 months of age amongst a chosen few cows and heifers. As well as his phenotype he was purchased for easy calving, easy calving daughters, short gestation, excellent milk figure and wonderful marbling score. Coupled together with tremendous rumen development, growth and testicle size.

CROOKED POST COMPASS 30J

Was purchased from Kirk Seabourn in Canada to expand our diversity of genetics and enhance our ability for forage consumption, in the herd. Used for the first time in 2023, his calves on the ground have exceeded our expectations. All calving unassisted, with a very short gestation period. His mother has excellent milk figures, so we believe that should be inherited and he has a family tradition of excellent marbling. We will see what the future brings.

DERRIAGHY SAMSON

Was purchased by the Longfield Herd, as a weaned calf, whilst we were on a trip to Northern Ireland. His father is multi show winner and his dam one of the best cattle ever to be sold away from the Uppermill herd. We were very pleased with the calves we had at the back end of 2024 calving and have used him much more widely in this April 25 calving.

JACOBITE STAR OF LONGFIELD

Our first home bred stock sire. Bred out of the Nettle family. Boasting 160 calves on the ground, he is a consistent easy calving bull, with great growth figures and good milk. He has a natural ability to breed roan calves when put to red cows. Semen available.

LOWTHER ECLIPSE

We saw Eclipse sold at Stirling to Trevor Brown and immediately asked first refusal on him. He arrived at Stanfordpark after 4 successful seasons at Grafton. Our experience found him an easy calving bull, producing plenty of loin on his calves. Semen available.

MEONHILL GERONIMO

purchased from Meonhill as a yearling, he was brought to Stanfordpark specifically to breed with Chapelton Waverley/Covenanter daughters. He continues to impress with is good structure, moderate size and easy fleshing. After 2 successful seasons here and a bank of semen in storage, he latterly become the main stock bull at Tofts, Morebattle. Semen available.

POLDARK OF LONGFIELD

Our first Canadian embryo stock sire. Bred from the wonderful Waukaru 12H Melita Rose. You will find his progeny scattered throughout the junior ranks of the herd, with many of them expressing his good qualities. Always easy calving, good growth, high milk and excellent testicle size. A naturally easy fleshing bull.

STANFORDPARK SASQUATCH

Was the result of a planned breeding between Crooked Post Tobias and one of our best cow lines, bred back to Gilven Fairfax. Creating a bull which would increase rumen capacity resulting in excellent growth and enhancing well above average milk in the dam lines. Sasquatch as an individual did not disappoint, always a star of his year. He won his classes at the Beef Shorthorn Society National Show at the GYS and Carlise national show.

CONDITIONS OF SALE

1. The highest bidder shall be the purchaser and if any dispute shall arise between two or more bidders, the lot in dispute is to be put up again at the sum last bid or the Auctioneers may declare the purchaser.
2. The bidding is to be ruled by the auctioneers who may without giving any reason refuse to accept the bid of any person.
3. No person shall retract a bid without permission of the Auctioneers, who reserves the right to himself of refusing a bid, and also the right of withdrawing any lot or lots from the sale.
4. No bidder may advance less at a bid than the sum named from time to time by the Auctioneers.
5. The Purchaser must declare their name and address and if required to, pay the Auctioneers or his clerk the amount of purchase money immediately on the fall of the hammer. In default of which the lot or lots shall be offered again and re-sold, and under no circumstances must any lot be removed without first obtaining a pass from the clerk.
6. Title to each asset sold will only pass on payment in full by the Purchaser. Purchasers' attention is drawn to the Retention of Title clause 20.7 on the Conditions of Sale recommended for use in livestock auction markets by the Livestock Auctioneers Association as displayed in the sale office.
7. The Auctioneers reserve the right of deviating from the catalogue either by amalgamation or dividing the lots, as circumstances may require, and also by deviating from the order of sale.
8. The lots are to be under the immediate care of the Purchasers who must take the same with all faults, imperfections and errors of description (if any) and remove the same at their own expense and risk, and no purchaser shall be allowed to remove lots from the premises until the whole of the purchase money is paid.
9. All statements contained in this catalogue as to the authenticity, genuineness, date, age, condition, or quality of any lot are statements of opinion and are not taken as to implying, statements or representations of fact.
10. Intending purchasers must satisfy themselves by inspection as to all such matters as to the physical description of any lot.
11. Neither the Vendor(s) of any lot nor the Auctioneers make or give any representation or warranty as to fitness for purpose or the quality of lots sold.
12. If any lots are described at the time of sale as in 'working order' such lots shall have no defect which renders them incapable of the reasonable work for which they are intended and they must be capable of performing such work.
13. The Purchaser is to make good any damage done to the premises by the removal or otherwise of any lot or lots.
14. The Purchaser shall not be entitled to any right of "Set Off" against the Vendor or the Auctioneer.

15. In the case of lots upon which there is a reserve, the Auctioneers shall have the right to bid on behalf of the seller.

16. Upon failure to comply with the above conditions, the uncleared lots will be re-sold either or by public or private sale and the deficiency (if any) and all expenses attendant thereon, shall be made good by the defaulters at this auction, who shall have no claim for any surplus that may arise.

17. The Auctioneers may rescind any sale within 3 hours of the final lot being sold if the lot has been sold under reserve. In the event of such rescission the purchase price or any part already paid by the Buyer shall be repaid but the parties and the Auctioneers shall be under no further liability to each other.

18. **LIVESTOCK.**
ALL LIVESTOCK ARE SOLD WITH THE WARRANTIES AND RESPONSIBILITIES AS LISTED IN THE CONDITIONS OF SALE FOR CATTLE, CALVES, SHEEP AND PIGS AT LIVESTOCK AUCTION MARKETS RECOMMENDED FOR USE BY THE LIVESTOCK AUCTIONEERS ASSOCIATION WHICH ARE DISPLAYED IN THE AUCTIONEER'S OFFICE AT THIS SALE UNLESS SPECIFIC BREED SOCIETY OR NBA CONDITIONS APPLY IN WHICH CASE THEY TAKE PRIORITY.

19. COMPLIANCE WITH ROAD TRAFFIC ACTS
The Purchaser of any vehicle or trailer is responsible for complying with all legal requirements as to the construction and the use of such vehicle or trailer and for obtaining all certificates, permits or other authorisations necessary before such vehicle or trailer can be used on the road.

20. HEALTH AND SAFETY AT WORK ACT 1974 AND ALL OTHER ACTS AND REGULATIONS APPLICABLE TO FARM SAFETY
The Purchaser of any lots is responsible for complying with all legal requirements as the safe use of lots purchased at the sale and shall ensure compliance with all relevant legislation relating to the safe use of such lots.

21. TRADE DESCRIPTIONS ACT 1968
The Vendor is reminded that under the terms of the Traders Description Act 1968 the Vendor of any lots to which a false description is applied may be guilty of a criminal offence punishable by fine or imprisonment.

MEMBER'S ACCOUNTS REGULATIONS 1993
NOTICE REQUIRED UNDER REGULATION 2A

This sale is not required to comply with the requirements of the Member's Accounts Regulations of the Royal Institution of Chartered Surveyors. No monies paid are covered by any scheme for protection of clients' monies operated by the Royal Institution of Chartered Surveyors. This notice is published in accordance with the requirements of the Royal Institution of Chartered Surveyors from whom a more detailed explanation can be obtained by writing to:
